

## CHAPTER 6 - MEDICATION ADMINISTRATION

### KENTUCKY LAW

#### [KRS 156.502](#) Health Services in School Setting

(1) As used in this section:

(a) Health services means the provision of direct health care, including the administration of medication; the operation, maintenance, or health care through the use of medical equipment; or the administration of clinical procedures. Health services does not include first aid or emergency procedures “(Note-first aid and emergency procedures will be discussed in a separate chapter)

(b) “School employee” means an employee of the public schools of this Commonwealth.

(2) Health services shall be provided, within the health care professional’s current scope of practice in a school setting by:

(a) A physician who is licensed under the provisions of [KRS Chapter 311](#);

(b) An advanced registered nurse practitioner, registered nurse, or licensed practical nurse who is licensed under the provisions of [KRS Chapter 314](#); or

(c) A school employee who is delegated responsibility to perform the health service by a physician, advanced registered nurse practitioner, or registered nurse; and:

1. Has been trained by the delegating physician or delegating nurse for the specific health service, if that health service is one that could be delegated by the physician or nurse within his or her scope of practice; and;

2. Has been approved in writing by the delegating physician or delegating nurse. The approval shall state the school employee consents to perform the health service when the employee does not have the administration of health services in his or her contract or job description as a job responsibility possesses sufficient training and skills, and has demonstrated competency to safely and effectively perform the health service. The school employee shall acknowledge receipt of training by signing the approval form. A copy of the approval form shall be maintained in the students record and personnel file of the school employee. A delegation to a school employee under this paragraph shall be valid only for the current school year.

(3) If no school employee has been trained and delegated responsibility to perform a health service, the school district shall make any necessary arrangement for the provision of the health service to the student in order to prevent a loss of health service from affecting the student’s attendance or program participation. The school district shall continue with this arrangement until appropriate school personnel are delegated the responsibility for health care.

(4) A school employee who has been properly delegated responsibility for performing a medical procedure under Section 2 of this Act shall act as an agent of the school and be granted liability protection under the Federal Paul P. Coverdell Teacher Protection Act of 2001, Public Law 107-110, unless the claimant establishes by clear and convincing evidence that harm was proximately caused by an act or omission of the school employee that constitutes negligence, willful or criminal misconduct, or a conscious, flagrant indifference to the rights and safety of the individual harmed. <sup>(1)</sup>
